SOFT SKILLS

- Teamwork and Collaboration
- Creativity
- Leadership
- Communication Skills
- Positive Attitude
- Quick Learner

TECH SKILLS

- C
- Java (Intermediate)
- Python(In progress)
- Data Structures
- SQL,
- Operating system(Basics)
- VS Code, Git, GitHub
- MS Office, Excel

LANGUAGES

- Tamil
- English

CAREER OBJECTIVE

Motivated and detail-oriented B.E. Computer Science and Engineering graduate from Government College of Technology, Coimbatore, seeking an entry-level position to apply my technical, problem-solving, and analytical skills in a growth-oriented organization. I am eager to contribute to team success, continuously learn new technologies, and develop innovative solutions while building a successful professional career.

EDUCATION

B.E. Computer Science and Engineering 2023 - 2027
Government College of Technology, Coimbatore
CGPA:8.1

Sowdaambikaa Matric hr sec School 2022-2023
Tamilnadu StateBoard
Percentage:93.7%

PROJECTS

Smart Light Intensity Control System with Manual Override (IoT Based)

- Built a smart lighting system that auto-adjusts brightness using LDR sensors for ambient light detection.
- Integrated manual override via mobile app using IoT platform (Blynk/ThingSpeak) for user control.
- **Technologies Used:** Arduino, ESP8266, PWM, IoT Dashboard, LDR Sensor

AI-Based Healthcare Disease Prediction System

- Collected and cleaned patient data using Python (Pandas, NumPy, OpenCV).
- Processed 18,500+ records by handling missing values and converting lifestyle data into machine-readable format.
- Prepared structured datasets for disease prediction using machine learning models.

Online Bookstore Management System

- Designed a database-driven bookstore system using MySQL for managing books, orders, and user details.
- Implemented SQL queries, joins, stored procedures, and functions for order placement, tracking, and generating summaries.
- Developed features like book search, shopping cart, and order history with delivery status using DBMS concepts.

ACHIEVEMENTS AND CERTIFICATION

- Oracle Cloud Infrastructure Foundation Associate Oracle,2025
- Awarded in Government-conducted Essay Writing Competition during Children's Day Celebrations.
- FULLSTACK DEVELOPEMENT-Online Course Novitech,2024
